Greetings:

Eagle Waste & Recycling, Inc., in partnership with the City of Rhinelander, is excited to provide a new program for collection of trash and recycling. The changes will improve aesthetics within the city, save money and promote and improve recycling collection and participation. The number of items that you are allowed to recycle has greatly increased. Please review the enclosed recycling instruction sheet for more details.

A summary of the changes to your trash and recycling collection include:

1. Each customer will receive a 48-gallon cart on wheels (black lid) for collection of trash. This container will be picked up every week on **Wednesday**. Your first pickup is **January 2nd**. Please note that **all** waste must fit into this container. If you need a larger container for trash, you are able to upgrade to a 64 gallon cart for an additional fee of \$2 per month or 96 gallon cart for an additional fee of \$3 per month by contacting Eagle Waste and Recycling, Inc. at 715-477-0077. Please note that trash and recycling are picked up on **SEPARATE** days. Refer to attached calendar.
2. Each customer will receive a 96-gallon cart on wheels (yellow lid) for collection of single stream recyclables (glass, plastic, tin, aluminum, paper and cardboard all mixed together in one container). All material is to be **clean** and placed **loosely** within the container (**no plastic bags**). The 96-gallon recycling cart will be picked up every-other-week on **Tuesday "B"** week. Your first pickup is **January 15th**. Most residents will find the cart large enough to hold two or more weeks of recyclables. If you determine you need an additional cart for recycling, one can be provided for an additional fee of \$3 per month by contacting Eagle Waste and Recycling, Inc. at 715-477-0077. Please note that trash and recycling are picked up on **SEPARATE** days. Refer to attached calendar.
3. Please place your cart in the location it was delivered. The cart is picked up with an arm that extends out from the truck. Therefore, the driver does not have to get out of the truck to pick up your trash or recyclables. A video showing this collection procedure and explaining the cart placement can be found on our web-site at www.eaglewasteandrecycling.com in the Video Center tab.
4. Please be sure that the cart is at least four feet from other carts, telephone poles, vehicles, etc. to allow the automated arm to pick it up.
5. Please note that Eagle Waste collects trash and recycling on all holidays with the exception of Christmas Day.

Please visit our website at www.eaglewasteandrecycling.com to obtain more information about our company and the services we provide. Specific questions can be answered by contacting our office at 715-477-0077. Thank you for your patience during this transition.

Best regards,

Alan Albee
