

*Conditional Use/Special Exception Information*

This application must be completed in its entirety. The application must accompany all information required for the public hearing notice and planning commission meeting requirements.

**Process**

At the time of application, you will be asked to:

1.  **Complete an application** form, completed checklist and submit a \$250 fee.
2.  **Provide detailed plans** and all information required for public hearing notice and commission meeting requirements.
3.  **Provide a written statement** of verifiable facts and information requested.
4.  **Publication Fees** shall be paid by the applicant and/or owner once submission to the official newspaper has been made and billed to you; and
5.  **Proof of publication** must be presented to the Inspection Department **BEFORE** the public hearing can be heard.

Following these steps, the Inspection Department will prepare and submit the required public hearing notice for your conditional use request in the City’s official newspaper noting the location and time of the required public hearing before the Plan Commission. Your neighbors (within 100’ of the property) will also be notified. The burden will be on you as property owner and/or agent to provide information upon which the commission may base its decision. At the public hearing, any party may appear in person or may be represented by an agent or attorney. You or your agent must present all information needed to the Plan Commission to decide in your favor. Unless you or your agent is present, the commission may not have sufficient information to vote and must then deny or table your application.

***Review Criteria for Conditional Uses Per 5.07.12.07 (7):***

- (a) If the applicant meets, or agrees to meet, all of the applicable requirements specified in this Chapter and conditions imposed by the Plan Commission, or the City Council upon appeal, the Commission or Board shall under Section 62.23(7)(de)2.a. of Wisconsin Statutes grant the conditional use permit. The City may require written agreement from the applicant in a form prescribed by the City Attorney.
- (b) Any decision to grant or deny the permit must be supported by substantial evidence, as that term is defined in Section 62.23(7)(de)1.b. of Wisconsin Statutes. Any condition or modification must be related to the purpose of this Chapter, reasonable, measurable to the extent practicable, and based on substantial evidence.
- (c) To the extent consisted with subsections (a) and (b), no conditional use permit shall be granted unless the Plan Commission, or the City Council upon appeal, finds that the use authorized thereby meets the following standards:
  1. Proposed use is consistent with the Comprehensive Plan and this Chapter.
  2. Proposed use, in its proposed location and as depicted on the required site plan, will not result in a substantial or undue adverse impact on nearby property, the character of the neighborhood, environmental factors, traffic, parking, public improvements, public property or rights-of-way, or other matters affecting the public health, safety, or general welfare.
  3. Proposed use maintains compatibility among land uses, land use intensities, and land use impacts as related to the environs of the subject property.
  4. Proposed use is located in an area that will be adequately served by, and will not impose an undue burden on, any of the improvements, facilities, utilities, or services provided by public agencies serving the subject property.
  5. The potential public benefits of the proposed conditional use outweigh potential adverse impacts of the proposed conditional use, after taking into consideration the applicant’s proposal and any requirements recommended by the applicant to ameliorate such impacts.

***Review Criteria for Special Exceptions Per 5.07.12.08 (3):***

No special exception shall be granted unless the Plan Commission (or City Council on appeal) finds that the exception(s) authorized thereby, as limited by any enforceable conditions, will meet all of the following criteria:

- (a) Will be consistent with the purpose and intent of this Chapter and this Section.
- (b) Will be consistent with the Comprehensive Plan including any applicable guidelines therein.

## Plan Commission

- (c) Will not negatively affect the reasonable use and development of nearby properties or the community.
- (d) Will be compatible with existing uses, structures, and other improvements visible from the subject site.
- (e) Will not be hazardous, harmful, or otherwise adverse to the natural environment and aesthetic value of the site, nearby properties, and the community.
- (f) Will not negatively affect the safe and efficient installation, use, and maintenance of public facilities serving the area, including but not limited to roadways, sidewalks and paths, and utilities.

In any case where a conditional use has not been established **within one year** after the date of granting thereof, then, without further action by the Plan Commission or the Common Council, the conditional use or authorization shall be null and void.

- (g) Is supported by evidence that normally applicable requirements do not sufficiently provide for the function of the proposed improvements, such as a highway visibility study for freestanding signage that exceeds normally applicable height or area requirements.
